New Coal Mine Entrance.

Work on the new entrance to the La Belle mill's coal bank back of McCulloch street is progressing slowly. The stone supporting walls and arch being built on the outside are about half completed, and excavation is being pushed from the inside as fast as possible.

Marrage Licenses.

Clerk Hook yesterday issued marriage licenses to the following named parties:

August Fette, aged twenty-one, and Martha Metzger, aged eighteen, both of Wheeling.

George Hecks, aged twenty-six, and Lena Hecks, aged twenty-three, both natives of Germany and residents of Wheeling.

Came to Wheeling to Marry.

Yesterday William Slaughter and Anna B. Anderson, two colored people from Raphanhook county, Virginia, came to Wheeling and applied to Squire Arkle to unite them in the holy bonds. They were directed to Clerk Hook's office, where they secured a license, and at 2 p. m. Rev. Perry Walker, of Simpson M. E. chapel, performed the ceremony in the quire's office.

The Mozart Park Incline.

Work on the incline plane railway being built from the head of Forty-third street to the top of the hill where the entrance to the new Mozart park will be located, has been delayed somewhat by the bad weather, but a large force is now pushing the excavation and masonry work, and it looks as though everything will be in shape for the park's opening on June 15.

Dr. Cooke Gone East.

Rev. Dr. William A. Cooke, who is a member of the executive committee of the Home Mission Board of the Synod of Pennsylvania, has gone east to attend its sessions.

He expects to preach next Sunday in the First church of Pottsville, Pa., for his friend, the Rev. Dr. J. Belleville. Rev. S. Gilbert Boardman will occupy the pulpit of the Second Presbyterian church of this city on next Sabbath.

To Improve Postal Facilities.

Jack Masden, Assistant Superintendent Railway Mail Service, is in the city looking into the matter of the inadequate mail service between this city and Martin's Ferry and Bridgeport. Ever since the recent deplorable change was made Postmaster Cowden has been telegraphing to the department urging that some relief be afforded, and Mr. Masden's visit is the result. He will be in the city all day to-day and will look over the territory with a view to seeing how best to remedy the trouble.

In the Circuit Court.

In the circuit court yesterday, on Judge Paul's side, in the case of Scott & McGraw, vs. Alex. Bolton, the plaintiff's bill was dismissed, the defendant having paid into court thirty-three cents, the amount ascertained to be justly due. The lien on certain real estate applied for was refused.

The case of Alex. Jones vs. S. S. Bloch was finished and given to the jury. The case of Murray vs. Reed was then put on trial. The last two cases are appeals from justices.

Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows: May 4 by William Hartenstein and wife to Elizabeth Hartenstein, for \$4,500, the north half of lot 82 on the east side of Main street south of Third; and by Elizabeth Hartenstein to William Hartenstein, for \$2,500, part of the north half of lot 13 in Jonathan Zane's addition.

April 29 by William and James Lantry to Joseph Schmalstieg, for \$650, the south half of lot 5 in square one in Hyndman's addition.

April 7 by C. Voglesang and wife to Mary L. Bruno, for \$35, part of lot 19 in division L of the sub-division of the Joseph Caldwell estate.

REMARKED BY R. C. Joiner, of Allen P. O., Hilledale Co., Mich.: "Nothing gave my rheumatism such quick relief as Dr. Thomas's Electric Oil—believe it infallible for rheumatism."

NEW POWER STATION

Will Furnish Power for the Entire Electric Line, Commencing Next Week.

The exhaust pipes that have delayed matters at the new power plant of the Wheeling Railway Company on the South Side arrived yesterday and will within the week be put in position; then the plant will be ready to furnish power for the entire electric street car line. At present only the Martin's Ferry-Inland line receives power from the Forty-second street station, one generator doing that work. Three generators and two engines will be required to furnish power for the entire line, leaving in reserve one engine and two generators. Mechanical engineer Wright said yesterday that the new station will furnish all the power, commencing next week, when the old South Side power station on Thirty-sixth street will be abandoned, after its machinery equipment has been removed. The machinery of the old plant at the Bridgeport house has already been removed to the new station.

For Burning a Freight Car.

Charles Wagner, of Martin's Ferry, and a tramp named Horatio Briggs, were given a preliminary hearing yesterday afternoon before Squire Theo. Keller on the charge of burning an empty Wheeling & Lake Erie box car at the Terminal junction on the afternoon of April 23, and were held in the sum of \$300 each to await the action of the grand jury, which convenes next week.

Attorney George Duncan and Mr. J. T. Townsend, the assistant superintendent, appeared on behalf of the company.

Briggs was also wanted for assaulting L. Ackerman, the Martin's Ferry butcher, the same day, and for this Squire Keller gave him \$50 and costs and 30 days in jail.

Briggs knows all about the Wheeling jail and work house. He must be an old offender.

Birds' Eggs for the World's Fair.

There passed through Wheeling via the B. & O., the other day, a peculiar consignment to the World's Fair. It consisted of specimens of eggs of all birds to be found in Pennsylvania, and is the property of Warren Jacobs, a young man of Waynesburg, Pa. Mr. Jacobs' collection of birds' eggs which he has at his home consists of 2,100 sets with two to fifteen eggs to a set, and is considered the most complete in the world. Recently he had a photograph made of this collection. The work of gathering these specimens has taken a number of years and has required much labor and patience. The collection will be found in the Pennsylvania building at the World's Fair. There is a set in the consignment from each of the owner's specimens.

They were Mascots.

The county commissioners while inspecting smoke consumers and electric dynamos at Pittsburgh, incidentally took in the Pittsburgh-Chicago base ball game. They were evidently mascots for the Smoky City lads, as the home team won the first game of the season. The Wheeling contingent took delight in cheering on Jake Stenzel, the old Wheeling player, who put up a great game in the field for Pittsburgh. A hit by him won the game for his team.
